PART 1: MEMBER & PUBLIC CLIENT-FACING FEATURES

15 Features

GET /api/public 1. Public Club Discovery & Facilities Catalog

PUBLIC

Returns active courts, four sports (Tennis, Padel, Badminton, Cricket), membership tier previews with pricing in paise, highlighted shop gear, clubhouse menu highlights, and club operating rules.

- Zero Cache Stale:** Real-time dynamic fetch from PostgreSQL for courts and active plans.
- No Auth Required:** Used by public landing page hero and visitors.

CURL REQUEST

```
curl -X GET https://club.champions.com/api/public
```

RESPONSE 200 OK

```
{
  "data": {
    "settings": { "openHour": 6, "closeHour": 23, "bookingWindowDays": 7 },
    "sports": ["tennis", "padel", "badminton", "cricket"],
    "plans": [{ "id": "gold", "name": "Gold", "monthlyPaise": 500000 }]
  }
}
```

GET /api/public/availability 2. Court Availability Grid & Real-Time Slot Finder

PUBLIC / MEMBER

Calculates hourly court availability for a chosen sport and calendar date in Asia/Kolkata timezone. Evaluates confirmed reservations, court maintenance closures, and live 15-minute transactional holds.

FETCH API

```
const res = await fetch("/api/public/availability?sport=padel&date=2026-10-04");
const { data } = await res.json();
```

RESPONSE 200 OK

```
{
  "data": {
    "sport": "padel", "date": "2026-10-04",
    "courts": [{ "id": "crt_padel_1", "name": "Padel Center Court" }],
    "slots": [{ "hour": 18, "courtId": "crt_padel_1", "available": true }]
  }
}
```

- **Params:** sport (enum) and date (ISO YYYY-MM-DD).
- **States:** Evaluates AVAILABLE, HOLD, BOOKED, or CLOSED.

POST /api/operations/booking 3. Court Booking Slot Hold (1-Hour Booking Engine)

MEMBER / GUEST

Places a 15-minute hold on a 1-hour court slot. Enforces club settings: 7-day advance booking window, hourly start times (e.g. 18:00, 19:00), active court checks, and member daily/peak quotas.

CURL REQUEST

```
curl -X POST https://club.champions.com/api/operations/booking -H "Content-Type: application/json" -H "Idempotency-Key: b7f1e9a2-4c8d-4e92-91f3-7e4a8b9c0d1e" -d '{"courtId": "crt_ten_1", "day": "2026-10-04", "hour": 19, "trial": false}'
```

RESPONSE 200 OK

```
{
  "id": "res_hold_9921",
  "status": "HOLD",
  "courtId": "crt_ten_1",
  "holdUntil": "2026-10-03T18:15:00.000Z",
  "totalPaise": 120000
}
```

- **Advisory Lock:** courtLock(tx, courtId, startsAt) prevents race conditions.
- **Header:** Requires Idempotency-Key: <UUID> to prevent duplicate holds.
- **Trial Session:** Set trial: true for first-time prospective customer trials.

POST /api/operations/booking/[id] 4. Court Booking Confirmation & Member Cancellation

MEMBER / STAFF

Converts held booking to CONFIRMED or performs early cancellation. Calculates membership perks (deducting free monthly court hours or tier discount) and generates an immutable tax invoice.

TYPESCRIPT FETCH (CONFIRM)

```
await fetch("/api/operations/booking/res_hold_9921", {
  method: "POST",
  headers: { "Content-Type": "application/json", "Idempotency-Key": crypto.randomUUID() },
  body: JSON.stringify({ action: "confirm", method: "LOCAL" })
});
```

RESPONSE 200 OK

```
{
  "status": "CONFIRMED",
  "invoiceId": "inv_crt_8841",
  "tierPerksApplied": { "freeHourUsed": true, "chargedPaise": 0 },
  "confirmedAt": "2026-10-03T18:02:14.000Z"
}
```

- **confirm:** Deducts free tier hours or generates invoice. Paid via LOCAL/GATEWAY.
- **cancel:** Allowed >12h before start; automatically issues full credit note.
- **checkin:** Member self check-in upon arrival at the clubhouse.

POST /api/operations/order 5. The Champions Shop – Cart Hold & Checkout

MEMBER / GUEST

Places a 15-minute stock reservation on up to 30 items. Applies tier member discounts (e.g. 15% off for Gold members) and handles in-club counter collection or courier shipping.

JSON PAYLOAD

```
{
  "items": [{ "variantId": "var_head_padel", "quantity": 1
}],
  "delivery": false,
  "channel": "ONLINE"
}
```

RESPONSE 200 OK

```
{
  "id": "ord_hold_4421",
  "status": "HOLD",
  "holdUntil": "2026-10-03T18:15:00.000Z",
  "subtotalPaise": 1240000,
  "discountPaise": 186000,
  "totalPaise": 1054000
}
```

- **Stock Concurrency:** SELECT FOR UPDATE locks variants and increments reserved.
- **Delivery Address:** Validates street, city, 6-digit Indian PIN, and phone.
- **Header:** Requires Idempotency-Key: <UUID>.

POST /api/operations/order/[id] 6. Shop Order Confirmation & Stock Release

MEMBER / STAFF

Member converts held cart order into a paid order, or cancels hold early to immediately release reserved stock back into available inventory.

CURL REQUEST

```
curl -X POST https://club.champions.com/api/operations/order/ord_hold_4421 -H "Content-Type: application/json" -H "Idempotency-Key: a1b2c3d4-e5f6-47a8-b9c0-123456789abc" -d '{"action": "confirm", "method": "LOCAL"}'
```

RESPONSE 200 OK

```
{
  "status": "PAID",
  "invoiceId": "inv_shp_3319",
  "readyForPickup": true,
  "pickupCode": "CC-4421"
}
```

- **confirm:** Decrements stock, releases reserved, issues paid invoice.
- **cancel:** Decrements reserved count atomically; marks order CANCELLED.
- **Strict ownership:** Enforces session.userId == order.userId.

POST /api/me/membership 7. Membership Subscription Purchase & Tier Upgrades

MEMBER

Purchases or renews a membership plan (Bronze, Silver, Gold, Platinum). Validates age restrictions, creates an immutable membership snapshot, and issues paid invoice.

JSON PAYLOAD

```
{
  "planId": "gold",
  "period": "ANNUAL",
  "dob": "1994-06-15"
}
```

RESPONSE 201 CREATED

```
{
  "data": {
    "id": "mem_active_0192",
    "status": "ACTIVE",
    "plan": { "name": "Gold", "freeCourtHours": 8, "shopDiscount": 15 },
    "startsAt": "2026-10-03T18:00:00.000Z",
    "endsAt": "2027-10-03T18:00:00.000Z"
  }
}
```

- **Account Lock:** memberLock(tx, userId) enforces transaction safety.
- **Periods:** MONTHLY or ANNUAL (saves 2 months fee).
- **Immutable Snapshot:** Preserves plan terms and perks even if plan is updated later.

Manages the member's cryptographic QR club pass. Scanned at front gates, reception check-in, and clubhouse POS for table tabs.

- GET: Generates signed QR PNG (data:image/png;base64,...) encoding champions: card:<token>.
- POST: Issues new card with 24-byte cryptographically secure token.
- DELETE: Immediately revokes card; invalidates QR scanner token in DB.

FETCH API (GET QR)

```
const res = await fetch("/api/me/card");
const { data } = await res.json();
// data.qr provides base64 image data URL
```

RESPONSE 200 OK

```
{
  "data": {
    "qr": "...P...",
    "issuedAt": "2026-10-01T09:30:00.000Z",
    "revoked": false
  }
}
```

Full customer account statement and profile editor. Returns Champions ID (CC-XXXX), active tier perks, court history, shop purchases, active clubhouse tabs, and wallet balance.

- GET: Scoped strictly to session user; prevents IDOR identifier tampering.
- PATCH: Updates display name (2–80 chars) and notifications preferences.

PATCH /API/ME

```
await fetch("/api/me", {
  method: "PATCH",
  headers: { "Content-Type": "application/json" },
  body: JSON.stringify({ name: "Alex Mercer" })
});
```

GET /API/ME RESPONSE 200 OK

```
{
  "data": {
    "user": { "id": "usr_alex", "championsId": "CC-9F38A1",
    "name": "Alex Mercer" },
    "membership": { "plan": { "name": "Gold" }, "status": "ACTIVE" },
    "activeTabs": [],
    "recentReservations": [{ "id": "res_882", "court": "Court 1" }]
  }
}
```

Retrieves an itemized, tamper-evident tax invoice / receipt for court booking, shop merchandise, dining bill, or membership subscription fees.

- **Ownership Check:** Validates user session owns the requested invoice ID.
- **GST Accounting:** Returns gross total, GST tax basis points, payments applied, and balance.

CURL REQUEST

```
curl -X GET https://club.champions.com/api/me/invoices/inv crt_8841 -H "Cookie: better-auth.session_token=..."
```

RESPONSE 200 OK

```
{
  "data": {
    "number": "INV-2026-00491",
    "department": "COURT",
    "totalPaise": 120000,
    "lines": [{ "description": "Tennis Court 1 (19:00 - 20:00)", "totalPaise": 120000 }],
    "balance": { "paid": 120000, "outstanding": 0 }
  }
}
```

Unified online payment gateway. Handles intent creation, local mock checkout for development, and cryptographic Razorpay HMAC SHA256 signature verification.

POST /API/PAYMENTS (CREATE INTENT)

```
{
  "kind": "SHOP",
  "orderId": "ord_hold_4421",
  "amountPaise": 1054000
}
```

PATCH /API/PAYMENTS (VERIFY SIGNATURE)

```
{
  "id": "intent_uuid_here",
  "paymentId": "pay_68y3L09dKa11",
  "signature": "9a8b7c6d5e4f...64hexChars"
}
// Returns { data: { id: "...", state: "COMPLETED" } }
```

- POST: Creates intent (BOOKING, SHOP, MEMBERSHIP, BILL).
- PATCH: Validates signature (orderId|paymentId) with secret key.
- Enqueues GATEWAY_CAPTURE worker job for guaranteed background capture.

Open club mix-in matchmaking sessions (e.g. Saturday Morning Padel Social). Members view upcoming sessions and reserve a spot up to the session's player cap.

JOIN SOCIAL SESSION

```
await fetch("/api/operations/social/soc_padel_sat", {
  method: "POST",
  headers: { "Content-Type": "application/json", "Idempoten
cy-Key": crypto.randomUUID() },
  body: JSON.stringify({ action: "join" })
});
```

RESPONSE 200 OK

```
{
  "joined": true,
  "session": {
    "title": "Weekend Padel Open Mix-in",
    "startsAt": "2026-10-10T10:00:00.000Z",
    "spotsLeft": 3
  }
}
```

- GET: Lists scheduled social sessions with current spots remaining.
- POST .../social/:id with {"action": "join"}: Reserves participant place.
- Prevents overbooking once max capacity is reached.

Places member on a FIFO waiting list for fully booked court hours. If a booking is cancelled, background worker dispatches slot offers to waitlisted members.

JOIN WAITLIST

```
curl -X POST https://club.champions.com/api/operations/wait
ing -H "Content-Type: application/json" -H "Idempotency
-Key: e1a2b3c4-d5e6-47f8-a9b0-123456789abc" -d '{"courtI
d":"crt_ten_1","day":"2026-10-04","hour":19}'
```

RESPONSE 200 OK

```
{
  "id": "wait_8192",
  "status": "WAITING",
  "position": 1,
  "slot": { "day": "2026-10-04", "hour": 19 }
}
```

- POST /api/operations/waiting: Registers interest for court, day, and hour.
- POST .../waiting/:id (action: cancel): Leaves waitlist.
- Ensures no duplicate entries for the same user and time slot.

POST /api/enquiries 14. Public Enquiry Ingestion (Lead Pipeline)

PUBLIC

Captures prospective customer inquiries from the public website contact form. Ingests data directly into the Staff/Owner CRM pipeline.

- Validates email, phone regex, sport preference, and message (10–1000 chars).
- Enforces same-origin request protection (CSRF defense).
- Initial lead status set to NEW; notifies staff on mission control.

CURL REQUEST

```
curl -X POST https://club.champions.com/api/enquiries -H
"Content-Type: application/json" -d '{"name":"Sarah Connor", "email":"sarah@sky.net", "phone":"+919876543210", "sport":"tennis", "message":"Interested in coaching"}'
```

RESPONSE 201 CREATED

```
{
  "data": {
    "id": "lead_0918",
    "status": "NEW",
    "createdAt": "2026-10-03T18:05:00.000Z"
  }
}
```

POST **GET** /api/auth/[...all] 15. Member Authentication & Session Engine (Better-Auth)

PUBLIC / SESSION

Authentication suite powered by Better-Auth. Manages signup, login, session tokens, signout, and password resets with secure rate limiting.

- sign-up/email: Automatically generates unique CC-XXXX Champions ID.
- sign-in/email: Sets secure HTTP-only cookie with 7-day expiration.
- DB rate limiter: Max 5 signups/min, 10 signins/min.

SIGN-UP REQUEST

```
await fetch("/api/auth/sign-up/email", {
  method: "POST",
  headers: { "Content-Type": "application/json" },
  body: JSON.stringify({ name: "Devlin Vance", email: "devlin@example.com", password: "SuperSecure123!" })
});
```

RESPONSE 200 OK

```
{
  "user": {
    "id": "usr_d8f2a",
    "name": "Devlin Vance",
    "role": "MEMBER",
    "championsId": "CC-B81C92"
  }
}
```

PART 2: OWNER & STAFF DESK OPERATIONS

18 Operations

GET /api/staff/home 16. Owner Mission Control & Operational KPI Counters

OWNER / STAFF

Live executive summary of club activity counters for the active club day. Powers notification badges across Reception, Cashier/POS, Inventory, and Kitchen screens.

- **Reception:** Today's arrivals pending check-in, checked-in count, overdue CRM leads.
- **POS / Kitchen:** Ready tickets, unpaid clubhouse charges, tickets >15 min old.
- **Inventory:** Low-stock product variants (≤ 5 units).

CURL REQUEST

```
curl -X GET https://club.champions.com/api/staff/home -H
"Cookie: better-auth.session_token=..."
```

RESPONSE 200 OK

```
{
  "data": [
    { "label": "Today's arrivals to check in", "count": 14, "tab": "reception" },
    { "label": "Ready kitchen tickets", "count": 2, "tab": "pos" },
    { "label": "Low-stock variants", "count": 3, "tab": "inventory" },
    { "label": "Kitchen tickets older than 15 min", "count": 1, "tab": "kitchen" }
  ]
}
```

GET /api/staff/lookup 17. Reception QR Scanner & Member Identity Verification

RECEPTION / CASHIER / OWNER

Front-desk search and camera scanner endpoint. Resolves camera QR payloads (champions: card: <token>), Champions ID (CC-XXXX), or email addresses.

SCAN QR TOKEN QUERY

```
curl -G https://club.champions.com/api/staff/lookup --data-urlencode "q=champions:card:7d3f8a9e2c4180..." -H "Cookie: better-auth.session_token=..."
```

RESPONSE 200 OK

```
{
  "data": {
    "id": "usr_alex_09",
    "name": "Alex Mercer",
    "championsId": "CC-9F38A1",
    "membership": {
      "plan": { "name": "Platinum", "discount": 20 },
      "endsAt": "2027-04-12T00:00:00.000Z"
    }
  }
}
```

- **Revocation Check:** Throws 404 CARD_INVALID if token was revoked.
- Returns member name, Champions ID, active tier plan, perks, and expiration date.
- Authorized for RECEPTION, CASHIER, and OWNER roles.

POST /api/operations/closure 18. Court Maintenance Closures & Reception Check-In

RECEPTION / OWNER

Imposes scheduled or emergency court closures (rain, lighting repairs, private tournaments). Prevents bookings during closure window and records mandatory staff reason.

ADD COURT CLOSURE

```
curl -X POST https://club.champions.com/api/operations/closure -H "Content-Type: application/json" -H "Idempotency-Key: a1b2c3d4-..." -d '{"courtId":"crt_padel_2","startsAt":"2026-10-04T12:00:00Z","endsAt":"2026-10-04T16:00:00Z","reason":"Turf re-surfacing"}'
```

LIFT CLOSURE (POST .../CLOSURE/:ID)

```
{
  "reason": "Maintenance completed early, court certified"
}
// Returns { data: { active: false, liftedAt: "2026-10-04T14:30:00Z" } }
```

- POST /api/operations/closure: Creates active court closure interval.
- POST .../closure/:id: Lifts closure with audit reason.
- Front desk checkin: POST /api/operations/booking/:id(action: checkin).

POST /api/operations/bill 19. Clubhouse POS & Dining Table Billing

CASHIER / WAITER / OWNER

Point-of-Sale dining system. Opens table orders, fires tickets to kitchen, puts charges on member room tabs, splits payments (Cash/Card/UPI), and manages adjustments.

OPEN TABLE BILL (POST /BILL)

```
{
  "tableId": "table_04",
  "userId": "usr_alex_09",
  "ageConfirmed": true,
  "items": [{ "menuId": "mnu_craft_burger", "quantity": 2,
  "note": "Medium rare" }]
}
```

RESPONSE 200 OK

```
{
  "id": "bill_ord_7719",
  "table": "Table 4",
  "status": "OPEN",
  "ticketsFired": 1,
  "netPaise": 112000
}
```

- POST /bill: Opens bill with items; fires revision 1 kitchen ticket.
- POST .../bill/:id: Actions: add (fire new round), pay (settle invoice), tab (charge member), close (free table), cancelItem (with reason).

Kitchen touchscreen ticket progression system. Manages meal prep lifecycle with optimistic version concurrency to prevent simultaneous chef tap conflicts.

JSON PAYLOAD

```
{
  "ticketId": "tkt_9931",
  "version": 1,
  "state": "COOKING"
}
```

RESPONSE 200 OK

```
{
  "id": "tkt_9931",
  "state": "COOKING",
  "version": 2,
  "updatedAt": "2026-10-03T18:10:00.000Z"
}
```

- **States:** ACCEPTED → COOKING → READY → SERVED.
- **Version Lock:** Requires passing current version integer; increments on update.
- Tickets older than 15 minutes trigger urgent badge on Owner/Staff desk.

Performs audited manual inventory adjustments (stock count reconciliation, shrinkage, delivery restock, damaged gear) with strict row-level database locking.

CURL REQUEST

```
curl -X POST https://club.champions.com/api/operations/stock -H "Content-Type: application/json" -H "Idempotency-Key: d1f2e3a4-..." -d '{"variantId":"var_wilson_balls","change":12,"reason":"Restocked from distributor"}'
```

RESPONSE 200 OK

```
{
  "variantId": "var_wilson_balls",
  "previousStock": 4,
  "newStock": 16,
  "recordedAt": "2026-10-03T18:12:00.000Z"
}
```

- **Row Lock:** Applies SELECT FOR UPDATE on ProductVariant.
- Logs mandatory audit entry with actor ID, previous/new stock, and reason.

Staff fulfillment workflow for shop orders. Handles in-club pickup handover, courier package dispatch, delivery confirmation, and customer product returns.

COURIER DISPATCH REQUEST

```
{
  "action": "dispatch",
  "tracking": "BLUEDART-IND-991204"
}
```

CUSTOMER RETURN REQUEST

```
{
  "action": "return",
  "reason": "Size exchange",
  "returns": [{ "variantId": "var_shirt_l", "quantity": 1,
    "restock": true }]}
}
```

- **collect:** Handed over at front desk; marks order COLLECTED.
- **dispatch:** Stores courier tracking number (e.g. BlueDart/Delhivery).
- **return:** Restocks items optionally and creates credit memo.

POST /api/operations/payment/[id] 23. In-Person Billing & Manual Payment Processing

RECEPTION / CASHIER / OWNER

Applies in-person payments (CASH, CARD, UPI) against any invoice ID. Connects cash payments directly to cashier's open shift drawer and updates linked bills.

CURL REQUEST

```
curl -X POST https://club.champions.com/api/operations/payment/inv_crt_8841 -H "Content-Type: application/json" -H "Idempotency-Key: c9d8e7..." -d '{"method": "UPI", "amountPaise": 120000}'
```

RESPONSE 200 OK

```
{
  "paid": true,
  "invoiceId": "inv_crt_8841",
  "method": "UPI",
  "amountPaise": 120000,
  "balanceRemaining": 0
}
```

- **Cash Drawer Link:** If method is CASH, requires active cash shift.
- Atomically allocates payment against invoice; recalculates outstanding paise.

GET **POST** /api/staff/admin?area=cash 24. Cash Drawer Shifts & Daily Register Balancing

CASHIER / RECEPTION / OWNER

Register float and cashier shift management. Staff open drawers with starting float, record midday petty cash payouts, and perform end-of-shift cash balancing.

POST /API/STAFF/ADMIN (CASH CLOSE)

```
{
  "action": "cashClose",
  "id": "shift_cash_401",
  "countedPaise": 1450000,
  "reason": "Shift handover, drawer balanced"
}
```

RESPONSE 200 OK

```
{
  "shiftId": "shift_cash_401",
  "expectedPaise": 1450000,
  "countedPaise": 1450000,
  "differencePaise": 0,
  "closedAt": "2026-10-03T21:00:00.000Z"
}
```

- cashOpen: Starts shift with float (openingPaise).
- cashPayout: Records petty cash expenses with audit reason.
- cashClose: Calculates expected vs counted cash, logging any discrepancy.

GET /api/staff/reports 25. Financial & Operational Reports with CSV Export

OWNER ONLY

Executive analytics engine. Breaks down sales by club department (Courts, Shop, Clubhouse, Memberships), payment methods, credits, refunds, and aging receivables.

DOWNLOAD CSV REPORT

```
curl -G https://club.champions.com/api/staff/reports -d "preset=thisMonth" -d "format=csv" -H "Cookie: better-auth.session-token=..." -o champions-october-report.csv
```

RESPONSE 200 OK (JSON MODE)

```
{
  "data": {
    "grossPaise": 48200000,
    "byDepartment": {
      "COURT": 18400000, "MEMBERSHIP": 21000000,
      "SHOP": 5200000, "CLUBHOUSE": 3600000
    }
  }
}
```

- **Presets:** today, thisWeek, thisMonth, lastMonth, or custom dates.
- **Operational:** Set area=operations for court utilization & peak hours.
- **CSV Download:** Set format=csv for direct file attachment export.

GET **POST** **/api/staff/payroll-export** **26. HR Roster, Leaves & Automated Payroll Finalization**

OWNER ONLY

Staff HR administration module. Creates employee salary profiles, schedules shifts, approves/rejects leaves, and calculates monthly payslips with Indian tax withholding.

POST /API/STAFF/ADMIN (PAYSLIP)

```
{
  "action": "payslip",
  "employeeId": "emp_head_coach",
  "period": "2026-10",
  "adjustmentPaise": 0,
  "reason": "Regular monthly salary"
}
```

GET /API/STAFF/PAYROLL-EXPORT (CSV)

```
Payslip,Employee,Period,Gross paise,Tax label,Tax bps,Net p
aise
psl_01,Coach Rahul,2026-10,8000000,PTAX,200,7840000
PERIOD_SUMMARY,All matching,2026-10,8000000,PTAX,200,784000
0
```

- POST .../admin(action: payslip): Finalizes salary with adjustments.
- GET /api/staff/payroll-export: Generates payroll reconciliation CSV.

GET **PATCH** **/api/staff/settings** **27. Club Operating Rules & Dynamic Settings Editor**

OWNER ONLY

Dynamically configures club business parameters: operating hours, advance reservation window, cancellation policies, guest fees, and GST tax percentages.

PATCH /API/STAFF/SETTINGS

```
curl -X PATCH https://club.champions.com/api/staff/settings
-H "Content-Type: application/json" -d '{"openHour":6,"closeHour":23,"bookingWindowDays":14,"cancellationWindowHours":12}'
```

RESPONSE 200 OK

```
{
  "data": {
    "openHour": 6,
    "closeHour": 23,
    "bookingWindowDays": 14,
    "cancellationWindowHours": 12
  }
}
```

- GET: Reads current club operational configuration.
- PATCH: Updates parameters in real time without code deployment.
- Zod validation ensures openHour < closeHour and valid integer ranges.

PATCH **/api/staff/plans** **28. Membership Plan Tier Pricing & Perks Editor**

OWNER ONLY

Owner editor for membership plan tiers. Adjusts monthly & annual fees (paise), free court hours allocation, and store/dining discount percentages.

PATCH /API/STAFF/PLANS

```
{
  "id": "gold",
  "monthlyPaise": 550000,
  "annualPaise": 5500000,
  "freeCourtHours": 10,
  "shopDiscount": 15
}
```

RESPONSE 200 OK

```
{
  "data": {
    "id": "gold",
    "name": "Gold",
    "monthlyPaise": 550000,
    "freeCourtHours": 10,
    "updatedAt": "2026-10-03T18:20:00.000Z"
  }
}
```

- Preserves existing member benefits (historical snapshots immutable).
- New pricing takes effect immediately for new subscribers and renewals.

PATCH /api/staff/users 29. Staff Access Control & Role Delegation

OWNER ONLY

Promotes, demotes, or assigns operational privileges across staff accounts. Public signup cannot assign privileged roles.

ASSIGN ROLE REQUEST

```
curl -X PATCH https://club.champions.com/api/staff/users
-H "Content-Type: application/json" -H "Cookie: better-auth.session_token=..." -d '{"userId":"usr_samuel","role":"CASHIER"}'
```

RESPONSE 200 OK

```
{
  "data": {
    "name": "Samuel Green",
    "role": "CASHIER",
    "updatedAt": "2026-10-03T18:22:00.000Z"
  }
}
```

- **Supported Roles:** MEMBER, RECEPTION, CASHIER, KITCHEN, OWNER.
- Executes inside transaction; records immutable audit entry.

GET /api/staff/admin?area=audit 30. System Security Audit Trail & Forensics Inspection

OWNER / STAFF

Cursor-paginated security audit trail capturing every sensitive action, actor ID, entity ID, changes, and mandatory justification reasons.

QUERY AUDIT TRAIL

```
curl -G https://club.champions.com/api/staff/admin -d "area=audit" -d "q=card.revoke" -H "Cookie: better-auth.session_token=..."
```

RESPONSE 200 OK

```
{
  "data": {
    "rows": [{
      "id": "aud_9981", "actorId": "usr_alex",
      "action": "card.revoke", "reason": "Lost phone with QR",
      "createdAt": "2026-10-03T17:40:00.000Z"
    }],
    "next": null
  }
}
```

- Owners search club-wide actions, actors, or entities via query q.
- Non-owner staff accounts can view only their own activity log.

POST /api/operations/crm/[id] 31. CRM Pipeline & Sales Lead Follow-up Management

RECEPTION / OWNER

Sales conversion pipeline for public inquiries. Progresses leads: NEW → CONTACTED → QUALIFIED → TRIAL_BOOKED → CONVERTED.

UPDATE LEAD PIPELINE

```
curl -X POST https://club.champions.com/api/operations/crm/lead_0918 -H "Content-Type: application/json" -d '{"status":"TRIAL_BOOKED","notes":"Booked padel trial","followUpAt":"2026-10-05T09:00:00Z"}'
```

RESPONSE 200 OK

```
{
  "id": "lead_0918",
  "status": "TRIAL_BOOKED",
  "followUpAt": "2026-10-05T09:00:00.000Z",
  "updatedAt": "2026-10-03T18:25:00.000Z"
}
```

- Schedules follow-up alarms (followUpAt timestamp).
- Logs interaction notes and links directly to free trial bookings.

Monitors background email queue (reminders, password resets, verification emails). In local mode, exposes virtual inbox; in production, allows retrying failed jobs.

- GET /api/staff/inbox: Reads captured outgoing emails in local test mode.
- POST .../admin(action: retryMail): Re-triggers failed email jobs.

GET /API/STAFF/INBOX (VIEW MAILS)

```
curl -X GET https://club.champions.com/api/staff/inbox -H
"Cookie: better-auth.session_token=..."
```

POST /API/STAFF/ADMIN (RETRY JOB)

```
{
  "action": "retryMail",
  "id": "job_mail_99182"
}
// Returns { data: { retried: true, status: "PENDING" } }
```

Ingests asynchronous server-to-server webhook notifications from payment provider. Guarantees zero missed payments even if customer closes browser during checkout.

- Validates x-razorpay-signature HMAC SHA256 header using webhook secret.
- Verifies payment amount matches database intent amount.
- Deduplicates and enqueues durable GATEWAY_CAPTURE worker job.

WEBHOOK HEADERS

```
POST /api/payments/webhook HTTP/1.1
x-razorpay-signature: e3b0c44298fc1c149afbf4c8996fb92427ae4
1e...
Content-Type: application/json
```

PAYLOAD & RESPONSE

```
{
  "event": "payment.captured",
  "payload": {
    "payment": {
      "entity": { "id": "pay_G8y3L09d", "amount": 1054000,
"currency": "INR" }
    }
  }
}
// Returns 200 OK: {"data": {"queued": true}}
```

Architectural Standards & Conventions

Champions Club Monolith

Standard Error Response Contract

All errors throw AppError returning status 4xx/5xx:
 {"error": {"code": "NOT_FOUND" | "UNAUTHORIZED" | "FORBIDDEN" | "BOOKING_WINDOW" | "COURT_CLOSED" | "STOCK_UNAVAILABLE" | "CARD_INVALID", "message": "...", "status": 4xx}}

Currency & Financial Rules

All monetary values stored in strictly positive integer paise (₹1 = 100 paise; e.g. ₹500.00 = 50000 paise). Invoices are immutable historical snapshots. Payments allocate atomically against invoice IDs.
